

A Smarter Access Control Solution

Transform Transactional Lockset Sales into Recurring Monthly Revenue

Kindoo helps locksmiths transform traditional one-time lockset sales into new opportunities for recurring monthly revenue. Designed for commercial and residential applications, the new Kindoo Battery Powered Door Handle with Integrated Access Control looks, feels, and installs like a conventional lockset—but delivers advanced smartphone-based access control your customers can manage from anywhere.

And because it's battery operated, there's no need for power supplies, hard-wiring, software or IT expertise, or internet connections. It's the simple, affordable, highly secure door hardware solution that will generate new business for you.

Our Battery Powered Door Handle with smartphone credentialing also puts access management at users' fingertips without the need for physical credentials and the cost and complexity of traditional access control platforms.

The Kindoo Battery Powered Handle with Integrated Access Control

- Smartphone-Based Access
- Industry-Leading Security
- Zero Infrastructure
- Smart Management
- 10-Year Battery Life
- Vandalism Resistant
- Free-Wheeling Levers
- Flexible Install
- Remote Log Monitoring

Locksmith Challenges. Kindoo Solutions.

Locksmith Challenges	Kindoo Solutions
One-time hardware sales limit long-term revenue.	Creates recurring monthly revenue opportunities through user licenses.
Customers want keyless access without complicated systems.	Delivers smartphone-based access control in a familiar door handle format.
Lost, stolen, or copied keys create security risks.	Allows users to grant, revoke, or schedule access from their smartphones.
Traditional access control can require wiring, power supplies, or IT support.	Installs easily with no hard-wiring, software expertise, or internet connection required.
Customers need flexible access for service providers, employees, tenants, or guests.	Enables temporary and scheduled access permissions that can be changed remotely.

Kindoo helps locksmiths unlock new sales opportunities, deliver more value to customers, and generate recurring monthly revenue from a smarter access control solution.

Let us show you how Kindoo can help grow your locksmith business with easy-to-install, smartphone-based access control.
